

Downloads and Manuals Account Creation semi.cyberoptics.com

The screenshot displays the CyberOptics website interface. The top navigation bar includes the CyberOptics logo and menu items: Solutions, MRS Technology, About Us, and Investors. The main content area is titled "Downloads and Manuals" and contains text about product information needs for WaferSense® and ReticleSense® devices. A button labeled "Wafer Mapping Sensors" is visible. A list of contact information is provided, including the email CSsupport@cyberoptics.com and phone numbers +1 (800) 366-9131 and +1 (763) 542-5000. At the bottom, there are links for "WaferSense® | ReticleSense® | In-Line Particle Sensor™ (CyberSpectrum™)" and "WaferSense® | ReticleSense® (Legacy)".

On the right side, a blue overlay panel is active, titled "WELCOME BACK" and "Log into your account to access this page". It features input fields for "Email Address" and "Password", a "Log in" button, and a "DON'T HAVE AN ACCOUNT? SIGN UP NOW" button.

1.0 General Information

This guide will describe the process of creating an account on the Downloads and Manuals section of the CyberOptics website.

2.0 Creating an Account

When you visit <http://semi.cyberoptics.com>, you will be prompted by a menu on the right side to 'Log In' or 'Sign Up Now'. Although you can close this menu, if you attempt to access one of the downloads, you will be prompted to 'Log In' or 'Sign Up Now'.

2.1 Sign Up Now

Click the 'Sign Up Now' button to start Step 1 of 3

- **Step 1:** Complete the fields and click 'Next'. All fields are required
 - Note: there is a feature that prevents usage of personal emails, like @gmail.com or @yahoo.com

STEP 1 OF 3

Please create an account to access this asset

Full Name*

Company*

Title*

Phone*

Email Address*

Next

- **Step 2:** Create a password and confirm the password, following the parameters listed. Complete the CAPTCHA, and click 'Next'.

STEP 2 OF 3

Create a password to finish creating your account

Password*

Confirm Password

- One lowercase letter
- One uppercase character
- One number
- One special character
- 8 characters minimum
- 50 characters maximum

Next

- **Step 3:** Register your product. This is **required**. Select your product you want to register, and input the serial number. If you are unable to find your serial number, contact your representative or CyberOptics support.

STEP 3 OF 3

Take a moment to register your product

Serial #*

- Select One -

Registering your WaferSense® and/or ReticleSense® product will help you keep track of the calibration due date thus allowing you to schedule this service when it is convenient. Please take a moment to complete the product registration form found on this page.

[Create Account](#)

3.0 Viewing the Downloads and Manuals page

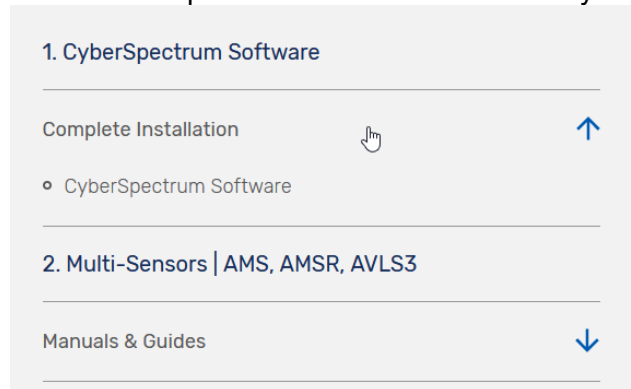

3.1 Layout

Once your account is created, the Downloads and Manuals page is now open for you to download software and documentation.

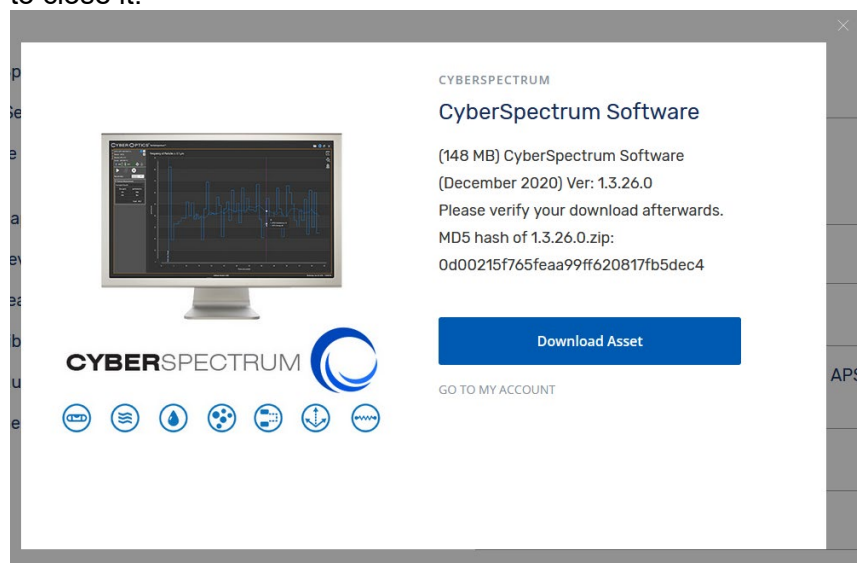

- At the top of the page you will see a navigation menu to view the **‘Downloads & Manuals’** page and the **‘My Account Page’**.
- When you scroll down the page, you will see two sections; **WaferSense® | ReticleSense® | In-Line Particle Sensor™ (CyberSpectrum™)** and **WaferSense® | ReticleSense® (Legacy)**

3.2 Download an Asset

You can select a product and choose the asset you want to download.

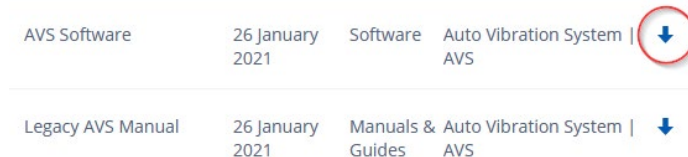

-
- When you select the asset you would like to download, a window will appear to give you access to download the file. Click ‘Download Asset’ to download the file. Once the download is complete, click the X in the upper right corner of the window to close it.

3.3 My Account

The **'My Account'** page provides access to change/ view/ modify settings, such as; personal information, email notifications, password, downloads, and product registration.

- **Account Settings:** You can change/ modify the fields in this area. Once you have made any updates, complete the CAPTCHA and click 'Save Changes'.
- **Email Notifications:** You can sign up for newsletter subscriptions. The email communication options may change in the future. Once you have made any updates, click 'Save Changes'.
- **Password:** You can change your password in this area. Once you have made any updates, complete the CAPTCHA and click 'Save Changes'. An automated email notification will be sent to the email associated with the account acknowledging that the password has been changed.
- **Downloads:** You can view all the assets you've downloaded in this area. You are also able to download that asset again by clicking the blue arrow, next to the asset.

- **Product Registration:** You can change/ modify the fields in this area, and also add products to register by clicking the '+' button.
